

08 Other Important stakeholders  
(foundations, private company,  
research institute, etc)

01 Mentors

02 Local (Municipal)  
Authorities

# Stakeholders mapping - in your context

07 Guardians  
(parents)

03 Schools

06 Various Departments or  
Ministries of the National  
Government

04 Social Workers (may  
be present in schools, or  
external)

05 Sports clubs

# Stakeholders mapping

---

## Instructions on how to complete your mapping

- **Color code each stakeholder bubbles by level of engagement:**
  - Light grey: informing (low to moderate interest and have a low level of influence)
  - Light Blue = consulting (moderate to high interest in your project, however, a low to moderate influence)
  - Dark Blue = involving (high level of interest and a moderate to high level of influence on your project – you can see them as partner)
  - Red = collaborating (high levels of interest, commitment and influence in your project, they are co-developer).
- **In each bubble, list the organisations you have identified within your context.**
- **Create links from your organisation to those organisations: using a straight line, the thicker the line, the strongest the relationship.**
- Pick another colour and create link using dot line between stakeholders organisations of influence (to visually identify the power of the web)
